

## Group Sales

### Fundraising goal: \$7,700

Schedule group sales for your store and you can raise over \$7,700.00 this year selling in bulk without the risk of accumulating bulk inventory. There is no financial risk for your organization and we will help you promote it - we provide free artwork for promotional materials (flyers and banners) and an email campaign at your request. At the close of the sale, we will produce and ship the product(s) to you and send you a check for your commission!

#### Remember this:

- *No out-of-pocket cost*
- *No inventory*
- *Chose from thousands of products*
- *Raise funds selling in bulk without the risk of buying in bulk!*

#### Our risk-free promise

Unlike traditional bulk, if you fall short of the group sale minimum for any reason, you have the option to cancel the sale (your supporters will not be charged) or purchase the balance needed for the sale to be completed.

#### How it works

1. If you don't already have a Fieldhouse store sign up now.

3. Your group sale will be featured on your Fieldhouse store where your supporters will pre-purchase the product(s) for up to three weeks.
4. We will collect payments, produce and ship your items when the sale ends.
