

How Do Retail Commissions Work?

If you have selected a markup for your Fieldhouse store, you will earn a commission for each retail item sold on your store.

Every retail product in your store has a base price set by Fieldhouse, and your markup is added to the base price. For example, if the base price of a t-shirt is \$10 and your markup is 20%, then the price of the shirt would be \$12. That's the Fieldhouse \$10 base price + your \$2 markup.

Please refer to the Pricing Examples document for commission scenarios on Fieldhouse products.

Payment Schedule

Retail commissions are summarized and sent on a quarterly basis. The table below outlines the payment schedule. Fieldhouse sends commission checks when they total \$200 or more. If your commissions are less than \$200, the balance will carry over to the next pay period.

Quarter	Dates	Check is mailed by
First Quarter	January 1 – March 31	April 30
Second Quarter	April 1 – June 30	July 31
Third Quarter	July 1 – September 30	October 31
Fourth Quarter	October 1 – December 31	January 31
